

The University of Scranton
FOR SUMMER RESEARCH
2023 REQUEST FOR PROPOSALS

INTRODUCTION

Students with the opportunity to engage in a full-time research project with a full-time faculty mentor during a seven-week period in the summer. There are several exciting changes to the PFSR program:

The total number of awards has been increased from 6 to ten (10), and two of these will be dedicated specifically to projects that stem from the Humanities (one award) and the Social Sciences (one award). Funds for the Humanities and Social Sciences awards have increased from \$10,000 to \$15,000. Student and faculty awards from the humanities and social sciences are especially encouraged to apply. The faculty honorarium has been increased from \$1,000 to \$1,500. Awards per project will thus increase from \$4,500 to \$5,000.

The Office of Research and Sponsored Programs will administer the program. In addition to the faculty mentor honorarium, \$3,000 will be provided to the student and \$500 is allocated for materials and/or student travel.
